QUIZ NIGHT AND BBQ AT VILLAGE HALL

On a very warm evening on 27 July CORE hosted a quiz evening at Calverton Village Hall. Everything was in place, tickets had been sold, food and drink ordered, quiz questions compiled, and CORE volunteers at the ready to welcome guests with a glass of wine.

Mark Spencer MP kindly agreed to compere our evening as quiz master and he did an excellent job, keeping a strong voice throughout, despite the challenging thirsty conditions.

Our volunteers were cooking in the kitchen, serving food and drink, taking tickets on the door, arranging seating, selling raffle tickets, sorting out equipment and generally helping to make the evening a success.

We must thank all the local businesses and individuals who donated raffle prizes – this was very much appreciated and allowed us to offer a good selection of prizes. We are lucky in Calverton to have such a generous community.

We made a profit of £775 from the event which will be put into the CORE funds to help us maintain, expand and deliver our services to the community.

We hope everyone enjoyed the evening. Having fun with good company and friends is what it is all about really.

The CORE Centre are novices at running this sort of event and from this experience we learnt how to improve things for another time. Do let us know if you would like us to organise a future evening for the community and give us ideas for the theme.
